

# WA MINING AT RISK FROM STAFF SHORTAGE

"The Australian, 21 June 2021"

PIT CREW BREAKFAST SEMINAR

PERTH CONVENTION & EXHIBITION CENTRE – RIVERVIEW ROOM 4 • TUESDAY 6TH JUNE 2021 • 7.30AM TO 9.30AM

Rescheduled to  
10th August 2021

Rescheduled to  
10th August 2021

Peter Dyball, Managing Director of Pit Crew Management Consulting Services and 35year veteran of industry, sums up the WA labour market...

***"Skills shortages are being experienced across resources sector operations and construction in Western Australia. Pit Crew forecasts continued constraints in most occupations over 2021 through to at least 2025. Demand for skilled and experienced workers will increase in the resources sector over the next 3 years, placing pressure on available resources."***

Pit Crew invite you to a breakfast event to gain a valuable insight into what the WA labour market might have in store over the next 5 years.

Attendees can look forward to a presentation by Peter Dyball, encompassing operations and maintenance, shutdowns and construction in WA. It will cover and Pit Crew's demand and availability analysis of key occupations, identifying shortages, the dynamics within the WA labour market now and over the next 5 years as well as potential mitigation strategies.

Peter is known for his tell-it-like-it-is style and deep understanding of the resources sector labour market.

This is a must attend event for anyone involved in resources and energy operations or projects in Western Australia.
